Weed and Seed Mini-Grants. Application review was undertaken Friday March 9, and grantees will be notified this week. Formal presentation of the grant awards and short presentations on the projects will take place at the RWS steering committee meeting 3/20 at the RCO.

Prevention Intervention Team will merge in to the Greater Gresham Area Prevention Partnership. It was determined that duplication of meetings was not productive and the new project needed to have the focus and dedication of the team, insuring that Rockwood is served within the larger regional context of the grant.
